# Add a task :

The screenshot shows a mobile application interface for adding a task. The title bar is blue with a back arrow and the text 'ToDoList'. Below it, the heading 'Add a task' is centered. The form consists of several input fields: 'Title' (with a red border and a red line indicating a required field), 'Content', 'Date', 'Time', and a 'ToDo' dropdown menu. A red box highlights the entire form area. A yellow circle highlights a green circular button with a white checkmark, which is the 'Validate Button'. A blue box highlights the area below the form, which is where error messages are displayed. The bottom of the screen shows the standard Android navigation bar with back, home, and recent apps icons.

## **Form:**

Title: Required

Content: Optional

Date: Required

Time: Optional

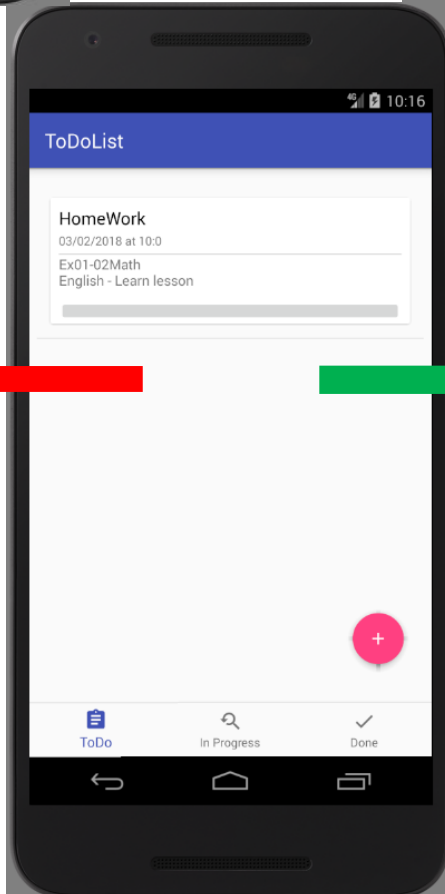

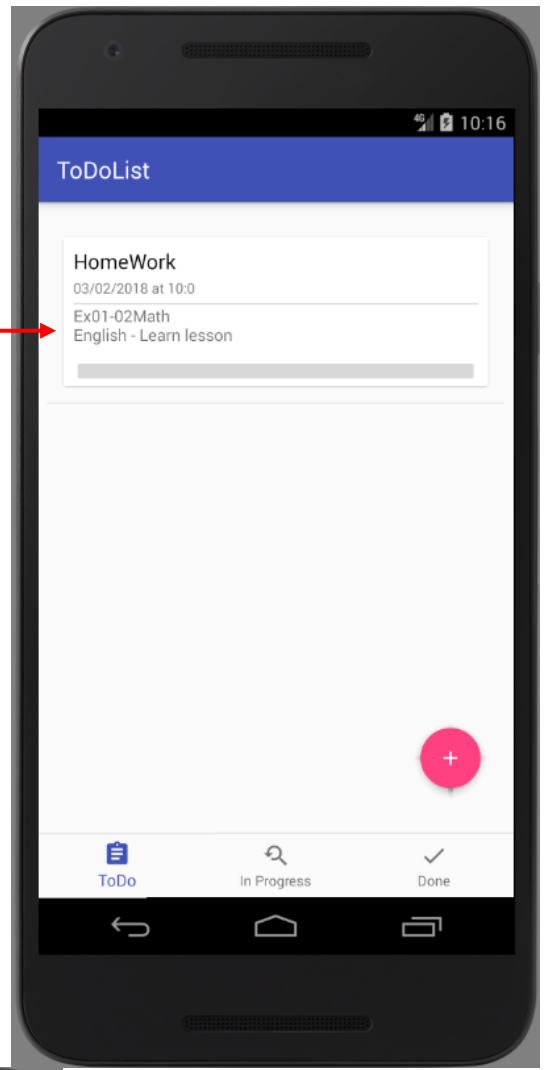

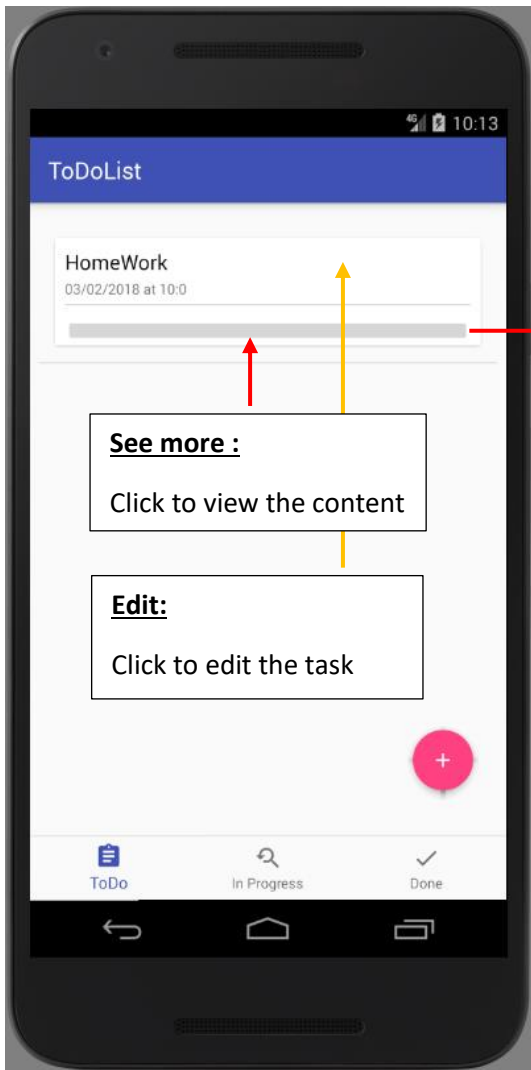

Status: Auto

## **Validate Button:**

Valid your task here

## **Error:**

Error messages appears here

Swipe left to  
**delete** the task

Swipe right to  
**change** the task to  
the next status
